State tax or other benefits should be one of many factors to be considered prior to making an investment decision. Please consult with your financial, tax or other adviser about how these state benefits, if any, may apply to your specific circumstances. The Plan Disclosure Document contains complete details on investment objectives, risks, fees, charges and expenses, as well as more information about municipal fund securities and the underlying investment companies that should be considered before investing. Please read the Plan Disclosure Document carefully prior to investing.
